Updated: October 2022

Designed for Efficient Business

HUAWEI IdeaHub S2

Built on the next-gen hardware platform with high-computing power, HUAWEI IdeaHub S2 is equipped with Bring Your Own Meeting (BYOM), HD immersive meeting quality, Wi-Fi 6 for direct projection, and ultra-low writing latency, easily adapting to mainstream cloud meeting apps. It is a perfect solution for boundless collaboration and communication to fit in any room, such as regular meeting room, executive office, and open office area.

* Product pictures and display content in this document are for reference only. Actual product specifications and display content (including but not limited to backgrounds, interfaces, and illustrations) may vary.

All-in-One Design for Boundless Collaboration

 **Next-gen hardware platform**
8-core dual-engine driver, boosting performance

 **4K soft light screen**
Optical anti-blue light, adaptive to ambient light

 **Ultra-narrow frame**
Seamless zero-gap lamination and aerospace-grade nano coating

 **Smart camera**
Lens cover offers physical privacy protection

 **Dual-system one-tap switchover**
OPS swap-free

 **Centralized front panel ports**
NFC, Type-C, USB 3.0, and power button

TÜV Rheinland Low Blue Light Certification

BYOM

Seamless transfer¹

After initiating a cloud meeting on a PC/mobile phone, you can invoke the screen, camera, microphone, and speaker of the IdeaHub. The IdeaHub does not require additional applications or OPS, facilitating user operations with more cost effectiveness.

🕒 16:00
Before BYOM:
Using the PC camera,
only one attendee is
displayed during a
multi-person meeting,
resulting in low
communication efficiency.

🕒 16:02
After BYOM:
Using the IdeaHub S2 camera,
all attendees are fully engaged,
making decision-making more
efficient.

No downloads required for a cross-enterprise cloud meeting

Enable BYOM on PCs and connect to IdeaHub to enjoy a wide field of view and ultra-far sound pickup in professional meeting rooms.

Make more people engage in efficient communication and provide crystal clear and comfortable viewing experience for everyone.

Remarks:

1: For Windows PCs, use the IdeaShare app or wired Type-C cable. For macOS PCs, use wired Type-C cable. For Huawei phones, use the drop-down menu or NFC.

* The preceding features provided may vary among different mobile phones and PCs. The actual effect prevails.

Immersive HD Intelligent Meetings

HD video meetings

Features H.264 + SIP dual protocols, HD hardware codec, and fully upgraded on-premises conferences.

1080p cloud meetings

Adapts to mainstream cloud meeting apps and supports 1080p audio and video and dual-stream meetings.

Powerful AI capabilities

Voice tracking always keeps the speaker in the center.
Auto-Framing automatically identifies the best angle for multiple participants.
Acoustic baffle shields external noise and adapts to various meeting rooms.

Example of Auto-Framing

Professional-level 4K camera

4K image sensor

Ultra-large photosite size ($2 \mu\text{m}^2$) with doubled signal-to-noise ratio (SNR)

Huawei-developed AI imaging algorithm

TV distortion < 2%, for more natural images

Circulating heat dissipation design

Consistent resolution even after long meetings

Photosite size of IdeaHub S2: $2 \mu\text{m}^2$

Photosite size of peer products: $1 \mu\text{m}^2$

3D stereo field for cinematic sound experience

Ultra-large sound cavity | Max. 95 dB sound pressure

Acoustic engine 2.0 for clear voice from far away

12-meter sound pickup | DNN-based¹ dereverberation | for smooth communication

Remarks:

1. Deep Neural Network (DNN)

Wi-Fi 6 for Direct Projection

Next-gen direct projection without network connection

Based on the innovative Wi-Fi direct projection technology, you only need to enable Wi-Fi on the IdeaHub and your PC/mobile phone, without connecting to the Internet. The IdeaShare app automatically discovers the nearby IdeaHub to set up connections,¹ and it autocompletes the projection code after the first letter.² You can also use NFC or projection option through the drop-down menu on a Huawei phone to enable single-step projection.

 **One-step projection**
Convenient operations

 **Wi-Fi 6 for direct projection**
Stable connections

Multiple projection modes for different scenarios

 Wired projection for important occasions to deliver HD and stable experience

 IdeaShare app for daily work to increase connection and productivity

 IdeaShare Key for customer visits with the plug-and-play feature³

Remarks:

1. The direct projection of IdeaShare app supports HarmonyOS, Android, and Windows.

2. The projection code of the IdeaShare app can contain six or eight letters.

3. The IdeaShare Key (USB Type-A) supports Windows and macOS.

* The preceding features provided may vary among different mobile phones and PCs. The actual effect prevails.

Intelligent Whiteboard

16 ms ultra-low writing latency

Synchronous and precise writing on screen

Multiple pen thicknesses in full color

Optional handwriting thickness and unlimited color choices

Multi-touch gestures

Select, move, zoom, and erase with gestures

Scan to take away

Scan the QR code to take away whiteboard content

Handwriting recognition

Converting your handwriting and drawings to digital forms

Full-screen annotation

Taking a snapshot of any page and pasting it to the whiteboard for annotation

Remote bidirectional collaboration

One tap to share whiteboard content for real-time collaboration

Co-authoring

Two people can write on the whiteboard concurrently

Boundless Collaboration for Smart Office

Multi-Window for efficient multitasking

Local collaboration and discussion support multiple apps to share the same screen simultaneously, ensuring uninterrupted office work and fully utilizing the large screen's strengths.

Two apps on one screen

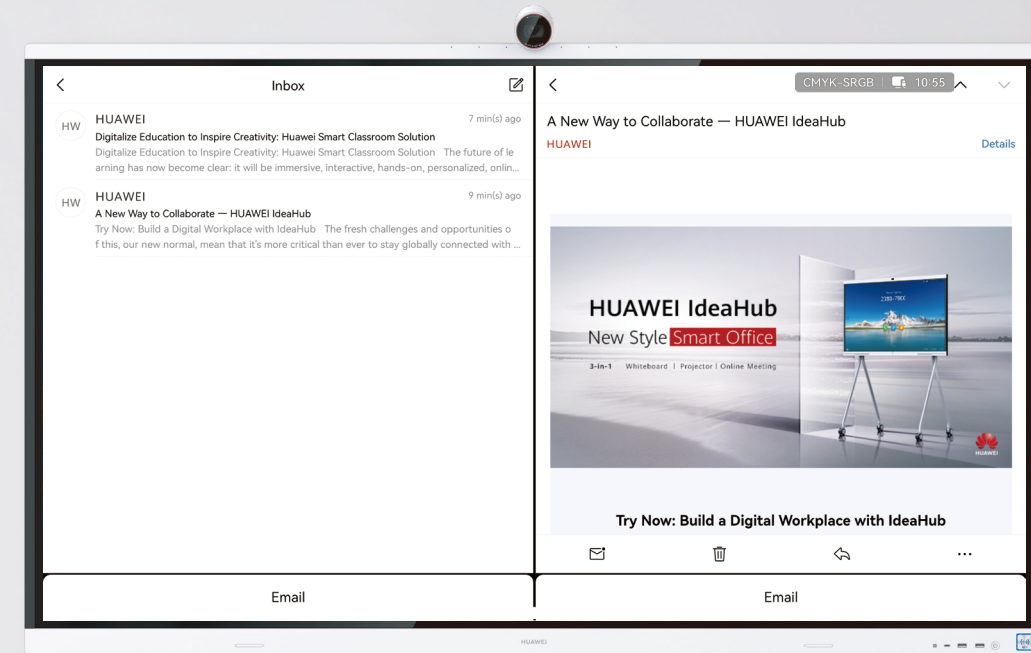

Review materials and write on the whiteboard at the same time for doubled efficiency.

Adjustable window ratio

Support for 1:1, 1:2, and 2:1 aspect ratios.

App Multiplier: massive apps to fit your needs

This feature eliminates the black bar and image distortion. It splits an app in dual windows and allows you to perform operations on the left and right sides.

One app in dual windows

Home screen on the left and content screen on the right for quick browsing and switching.

Compatible with over 1000 apps¹

As convenient as a mobile phone.

Remark:

1: The data is collected by the end of April 2022.

An Ecosystem with Extensive Apps

One-click download of massive office applications

★ IdeaHub section in HUAWEI AppGallery provides enriched office apps.

⚙️ 8-core robust computing power allows multiple applications to run simultaneously with zero frame freezing.

Open and Fast Integration, Meeting All Your Office Needs

⚙️ Open architecture

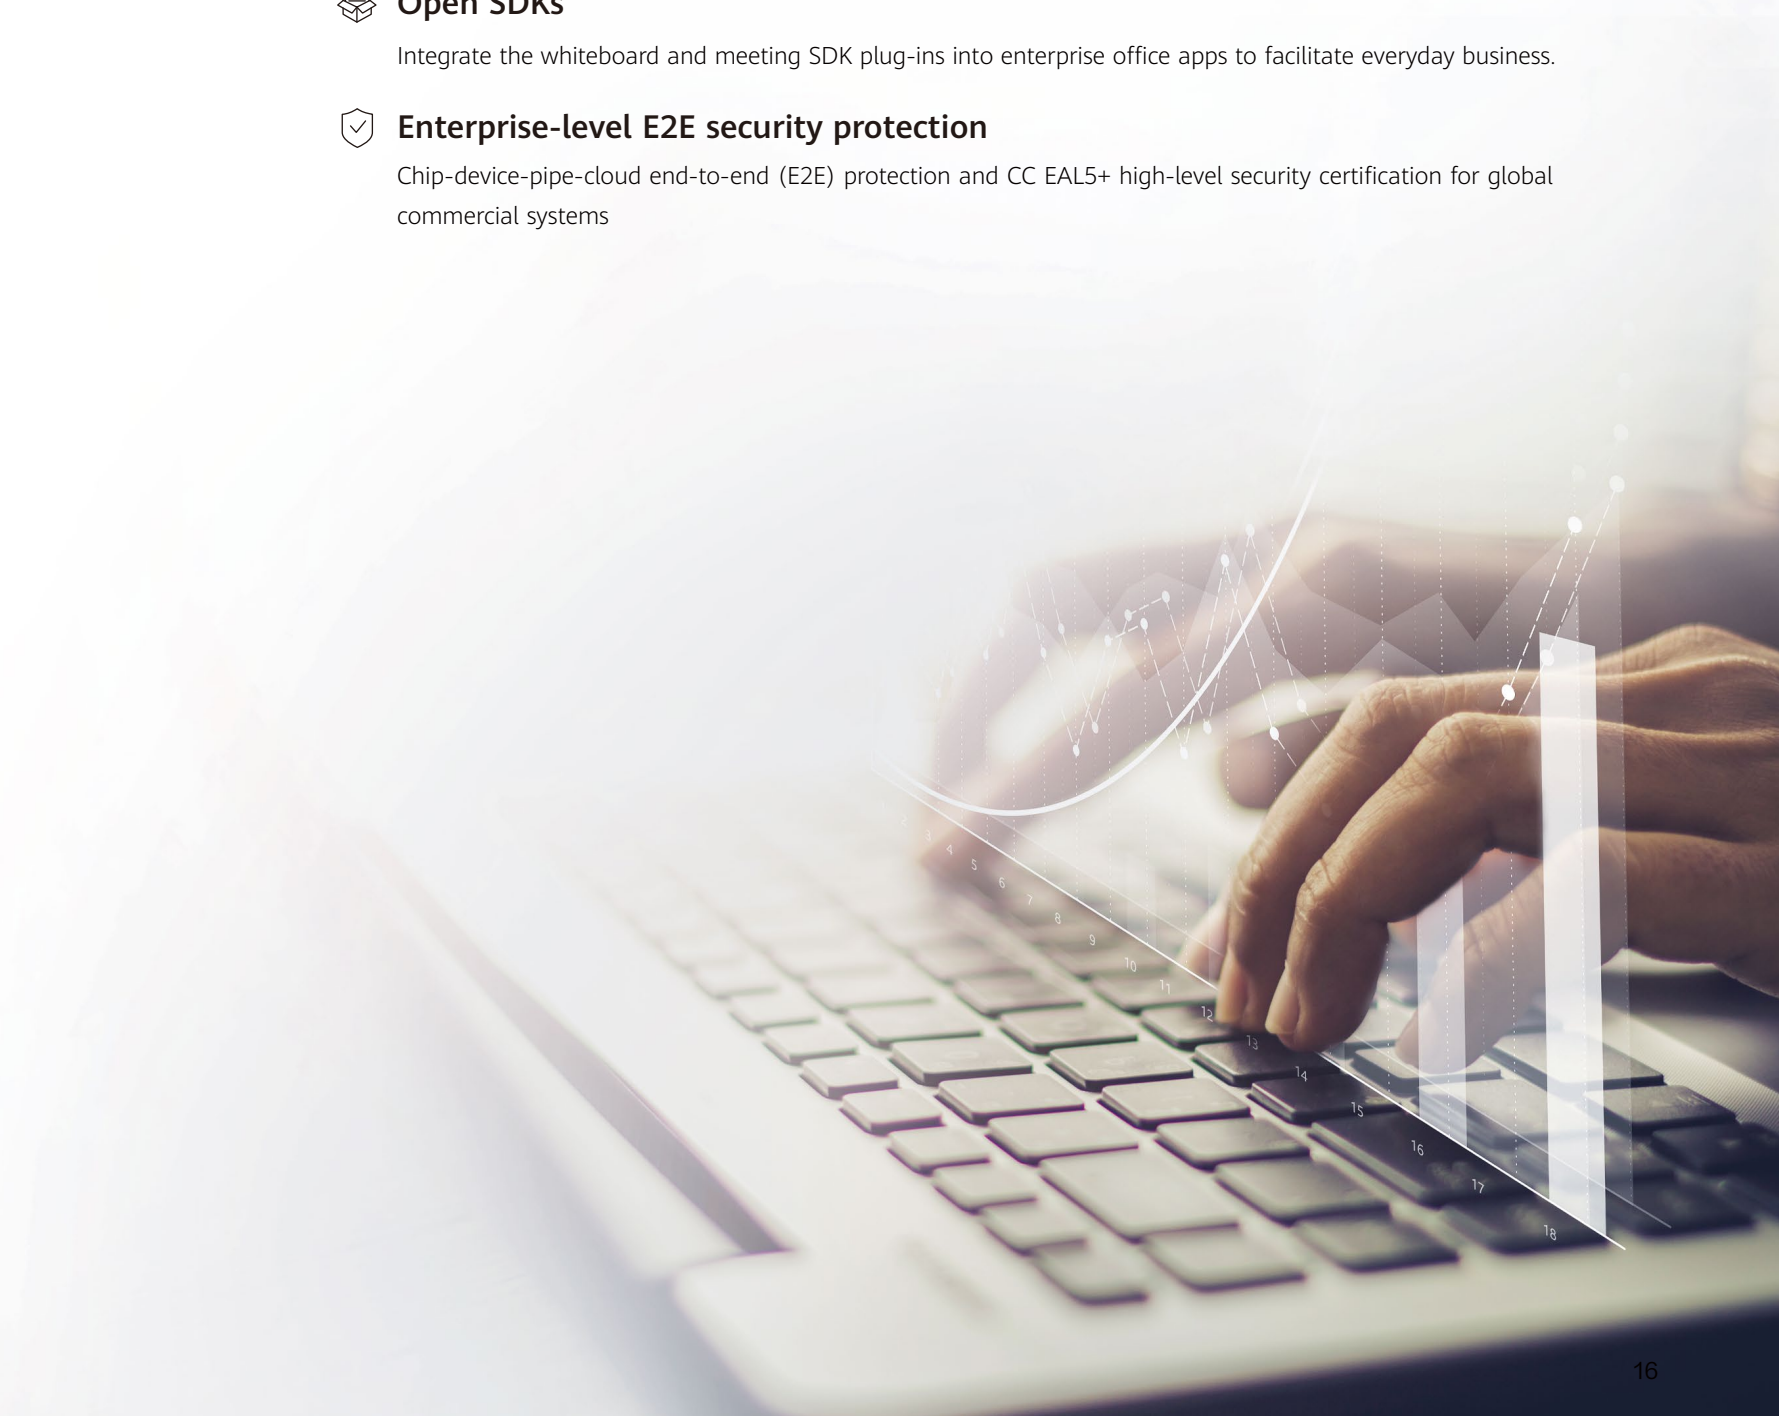

Adapts to the IdeaHub video hardware codec to provide 1080p HD video conferencing experience.

📦 Open SDKs

Integrate the whiteboard and meeting SDK plug-ins into enterprise office apps to facilitate everyday business.

🛡️ Enterprise-level E2E security protection

Chip-device-pipe-cloud end-to-end (E2E) protection and CC EAL5+ high-level security certification for global commercial systems

Intelligent O&M, All in Your Hands

IdeaManager device management platform

Remote management and control of multiple IdeaHubs, including batch configuration, upgrade, shutdown, and bulletin board push

IdeaCare for troubleshooting

One-click diagnostics of typical faults

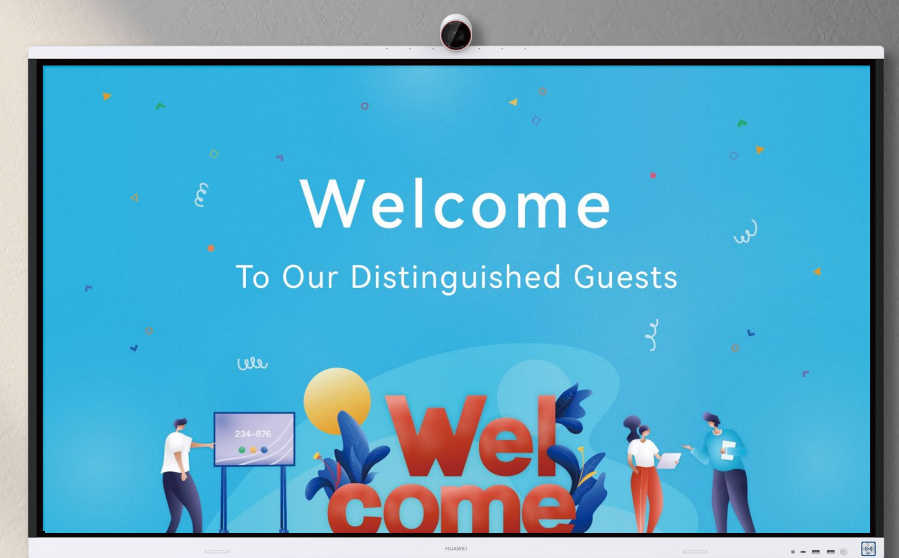

HiBoard as a Welcome Page

Customizable templates

Multiple built-in templates for the welcome page with one touch to display

One-click import of activity theme images

Flexible image import adapts to various activity scenarios

All-Scenario Smart Office Ecosystem

Regular meeting room

Local workshop, remote meeting, and business meeting
 Wi-Fi 6 for direct projection | BYOM | Bidirectional collaboration | Intelligent writing

Exhibition and demonstration

Corporate culture display, welcome board, and activity promotions
 4K display | HiBoard | Bulletin board | Aesthetic design

Open area

Regular meeting, instant discussion, and team-building meeting
 Rolling stand | Ultra-low writing latency
 Multi-gesture erasure | QR code scanning for content takeaway

Multi-functional training room

Group discussion, employee development, simulation training, and live training
 HD sharing | Wi-Fi 6 for direct projection | Real-time annotation | Co-authoring

Executive office

Remote interview, employee debriefing, and CXO business meeting
 Lens cover | Open ecosystem | IdeaHub Controller

Digital store

Store marketing and management, 3D demonstration, and HQ training
 Marketing demonstration | Intelligent O&M | Cloud-based office applications
